When powered by full sunlight, string inverter systems are a cost-effective solution for home solar installations. An unobstructed south-facing view of the sun will maximize your solar power. If your system is partially shaded by trees, chimneys or other obstructions, the string inverter output will drop along with the output of the whole system.

Description. BT-1500W Home / Business Solar Power System consists of the following: 1500W Solar System Generator Box. Solar Panel: 30V 250W; Mono * 2 Pieces. Lithium Battery: 24V 100AH. Inverter: Pure Sine Wave 1500W. ...
