

8 in 1 all-in-one portable power bank

What is a power bank portable charger?

JB has power bank portable chargers of many sizes, but they're all easily described in one word--mini. Power banks are lightweight and range in size from less than a credit card to a bit larger and thicker than a mobile phone. That means most of them fit comfortably in your pocket for total portability.

What is a single port power bank?

Single-port power banks can mean there's only one port or one kind of port, such as USB-C. They're perfect for mobile phones and even laptops. Some of the reasons these USB-C power banks are a great choice include: Power capacity and battery capacity are measured in milliamp hours or mAh.

What are the best portable power banks & power stations?

Power up your day with JB's top range of power banks and portable power stations! Choose from reliable brands like Belkin, Samsung, NRG Vault, and Anker, these power banks offer single and multi-port charging, compact design, and clear digital displays. Keeping your mobile device battery charged, no matter where you are.

What features should you consider when buying a portable power bank?

Pass-through charging is another feature to consider; with it, you can charge your device and a portable power bank simultaneously. That's convenient if both your phone and backup battery are running on empty.

What is a power bank & how does it work?

Power banks are lightweight and range in size from less than a credit card to a bit larger and thicker than a mobile phone. That means most of them fit comfortably in your pocket for total portability. Besides power stations and select models, most power banks are similar in size and style--basically a thick mobile phone.

How big is a power bank?

We size up every power bank and its features to help you find one that fits your life and your pocket. Smaller power banks tend to weigh around 115g, are approximately the same size as a deck of playing cards, and will charge the average smartphone from flat to full just once before needing to be charged themselves.
