

Andorra City Transforms Tile Solar Roof

Which roof tile has a solar panel?

The SOLAR FLAT-5XL ceramic tile, which has a solar panel on the large ceramic base of the roof tile, preserves the dimensions of the original ceramic tile and is still completely flat. The choice of materials for a roof is crucial to guarantee its durability, watertightness, energy efficiency and to protect the home.

Should solar panels be installed over traditional roofs?

Solar panels installed over traditional roofs can suffer from weather-related problems and compromise the roof construction. The EU-funded TilePlus project designed new roof tiles with embedded tough photovoltaic cells. This would allow millions of homes across Europe to produce their own energy.

Why should you install solar panels on your roof?

The tiles provide all the protective properties of normal roof tiles, while offering a way for residents to gather their energy directly from the sun. As the solar panels create energy where it will be used, this also reduces losses incurred during energy transport and transmission.

Why should you choose a solar flat-5xl ceramic tile?

The choice of materials for a roof is crucial to guarantee its durability, watertightness, energy efficiency and to protect the home. For this reason the SOLAR Flat-5XL ceramic tile integrates perfectly into the profile of the building, minimizing the visual impact of the solar tiles.

Could a new roof be able to produce energy?

The EU-funded TilePlus project designed new roof tiles with embedded tough photovoltaic cells. This would allow millions of homes across Europe to produce their own energy. For thousands of years, pitched roofs have been tiled to protect homes from the weather.

How to install solar tiles on a ventilated roof?

SOLAR tiles, both the Flat-5XL and Flat-10 formats, must always be installed on ventilated roofs, using a double batten or equivalent system. The integration of the tiles into the roof is achieved by finishing the roof with ceramic tiles and their corresponding special pieces.
