

Brazil Sao Paulo EK outdoor power supply 12v

What type of power outlet does Brazil use?

Now you know! Brazil uses Type N power outlets- which fit both Type N and Type C power plugs. Voltage varies by location, and may be 127 or 220 volts. If your devices aren't compatible with Brazil's plug type or voltage, you'll need to bring a Brazil power outlet adaptor and possibly a voltage converter.

What type of power plugs are used in Brazil?

In Brazil, power plugs and sockets (outlets) of type N are used. The standard voltage is 127 /220 V at a frequency of 60 Hz. For more information, select the country you live in at the top of this page. We don't sell power plug adapters. We refer you to Amazon, where you will find a great selection of travel adapters.

What type of power socket is used in Brazil?

The power sockets in Brazil are of type N. The standard voltage is 127 /220 V at a frequency of 60 Hz. Check your need for a power plug (travel) adapter in Brazil.

What voltage do I need for a Brazil power outlet?

Voltage varies by location, and may be 127 or 220 volts. If your devices aren't compatible with Brazil's plug type or voltage, you'll need to bring a Brazil power outlet adaptor and possibly a voltage converter. Fortunately, universal adaptors are inexpensive and widely available.

What do Brazil's electrical outlets look like?

When you are going on a trip to Brazil, be sure to pack the appropriate travel plug adapter that fits the local sockets. But what do those electrical outlets look like? The type N socket and plug are the official standard in Brazil. Type C plugs are also official, but not type C sockets.

Do I need a Brazil power adaptor?

If your devices don't have a compatible plug with the Brazil power plug type (Type N), you will definitely need a Brazil power adaptor. You can either buy a Type C or Type N adaptor for Brazil, or, consider buying a universal travel adaptor.

When traveling to Brazil, it is important to know which plugs and voltages are used in the country. The standard voltage in Brazil is 110 volts and the standard frequency is 60 Hz. The most common type of plug used in Brazil is the two-pronged plug, which is also used in the United States. It is important to note that Brazil also uses three-pronged plugs, so it is ...

The above type N socket and plug are the official standard in Brazil. This standard was gradually phased in between 2007 and 2010. Type N looks very much like the Swiss type J standard, but it is incompatible with it since type N has the earth pin closer to the centre line than type J (3 mm instead of 5 mm).
