5kw off grid inverter in congo exporter from China, we are one of the most skilled supplier from USA with ISO9001 Certification. Also the items have been certified by mutiple security certification.We are going to offer you our 5kw off grid inverter in congo priducts in top-quality and most favourable price.

Congo 5kw inverter company

In a grid-connected PV system, the modules, inverter, and grid constitute the electrical system. The inverter generates as much power as the solar module converts into solar energy, so the grid-connected inverter has no special requirements for AC overload because the inverter's output power does not exceed the module power.
