

Containerized generator manufacturers in Equatorial Guinea

Are containerized generators reliable?

Years of use in the rental, oil and gas, mining and other heavy-duty industries have tested the reliability, usability and durability of our containerized generators. Our primary design challenges in developing this line of containerized generators were usability, reliability and functionality for the end user.

Why should you choose a containerised generator?

Fire Detection Panels and Intruder Alarms: Enhanced safety and security. Our containerised generators are suitable for a wide range of applications, including: Super Silent: Super silent 65dBA at 1m for prime power running diesel and gas. Critical Backup Power: For MOD, NHS, and HMP sites, ensuring reliable performance in emergencies.

What is a Tier 4 containerized generator?

Our Tier 4 containerized generators are high-powered --500 kW to 1250 kW-- units packaged in 30-foot or 48-foot ISO containers.

Are CPs generator containers controlled by DSE?

Our generators are coupled with Mecc Alte, Stamford, or Leroy Somer alternators and controlled via DSE or ComAp control panels to ensure top-notch performance. Why Choose CPS Generator Containers?

Our main product is the diesel generator set, with power ratings ranging from 5 KVA to 3000 KVA. ITTS is one of the leading suppliers and manufacturers with a large stock of generators and tower lights in the UAE, GCC, Middle-east, Africa. We have been dealing clients in Dubai, Ethiopia, Afghanistan, Iraq, Saudi Arabia, Kuwait, Oman and many more.

The QAC 1450 TwinPower(TM) is a 20ft containerized generator with 2 x 725kVA generators inside, making it perfect for applications that have variable power needs, whether that's due to the time of day or the current usage requirements. Because you get two generators - in one platform, you have the flexibility you need to run at 100% power ...

Generator manufacturers generally recommend that a generator should be serviced after the first year of installation and on an annual basis thereafter. We also suggest carrying out regular visual inspections to keep on top of any faults within your generator that may require maintenance sooner than anticipated.

The other part is of portable generator sets, under company name Fuzhou Launtop M& E Co., Ltd (since 2000), supplying Diesel and Gasoline engines, Generators Sets and Water pumps ranging 0.65_10kVA with brand name as LAUNTOP.
