

Where does China power supply come from?

Since its foundation, China Power Supply has been located in Osterholz-Scharmbeck near Bremen. From its premises, the company imports batteries, rechargeable batteries and LED lights for all types of applications. "Most of our products directly come from China. I know many manufacturers personally and know their portfolio.

Who are China power supply's customers?

Among China Power Supply's main customers are manufacturers from the lighting industry which focus on safety lights and emergency lighting. In addition, the company supplies its batteries to power tool manufacturers and related service workshops for these industries.

What makes China power supply a competitive market?

It is above all the personal approach and the ability to react flexibly on customer requirements that has earned China Power Supply a competitive role in a highly competitive market. Our office Sandbergstraße 32
