

Home solar lighting

What is home & lighting?

By 2019, Home and Lighting was officially launched, offering innovative solar lamp post lights, led solar street lights, and dusk to dawn solar lights that could light up even the darkest corners. Our commitment was clear--to create durable, weatherproof, and cost-effective lighting solutions for every outdoor space.

What are indoor solar lights?

Indoor solar lights are for those that are environmentally conscious and will add a whole new dimension. Solar lighting solutions for the outdoors are similar and also come in many different shapes and sizes. From solar fence lighting to super bright solar floodlights.

Who is home and lighting?

At Home and Lighting, we don't just create solar lights, we redefine how light transforms lives. Our story began in 2018, in Edd's backyard. Frustrated by the high costs of running electricity to his outdoor patio, he saw an opportunity. Why should lighting up a home or outdoor space require expensive electricians and endless power lines?

Are solar lights a good alternative to traditional lighting?

As sustainability and green energy become priorities for homeowners, solar lights emerge as versatile, cost-effective alternatives to traditional lighting. This article will explore all aspects of solar lights, from its types to the best options for your home. See also: How to choose solar light for garden? What are solar lights?

What are solar lights used for?

Solar lights are used in parking lots and improve pedestrian and vehicle safety. A secure environment is created by effective lighting, which guarantees sight and discourages criminal activity. Crucial for homes and businesses, solar lights provide sustainable security lighting, deterring crime and offering peace of mind.

Are solar lights a good choice for your home?

When it comes to creating a warm, inviting ambiance for your home, few things are as important as lighting. The wrong set-up can turn a cozy little nest into a harsh, bleached-out office cubicle. Indoor solar lights are a great option to consider and offer great energy efficiency.
