

How much does a 12v ups uninterruptible power supply cost

Uninterruptible Power Supply (UPS) systems provide power to computer networks in the event of a power shortage or electrical outage so computers and other sensitive electronic equipment can be turned off properly. UPS system batteries keep systems running and help prevent data loss in the event of an unexpected shutdown.

Power supplies on Jiji are usually sold as generator sets, inverters and UPS (uninterrupted power supply). Among those three types; the inverter and UPS can be bought online while you cannot buy a generator set online - they have to be bought offline from one of many second-hand equipment shops found in different parts of Nigeria.
