One innovative beauty and skincare application involving aluminum foil is the use of foil masks. These masks are made by layering aluminum foil with other skin-nourishing ingredients, creating a barrier that helps to lock in moisture and enhance the absorption of active ingredients.

Power prices and costs. Power prices are extremely high in Lesotho, exacerbated by a reliance on electricity imports from South Africa. Prices increased by 4.8% to 5.6% for all types of consumers in 2021. A larger domestic power fleet with low marginal-cost electricity would help reduce the country's power prices.
