Who is vision UPS systems?

Vision UPS Systems S.&#224;r.l. was set up in 2003 in Luxembourg. Live dashboard for batterX products developed by Vision. We also offer custom-made solutions for special applications. LiveX is monitoring and controlling tool compatible with all web browsers, computers and mobile devices. Made by Vision UPS Systems.

Why should you choose IP-housed DC UPS?

The extremely rugged IP-housed DC UPS solutions ensure uninterruptible DC power supply from 12V/24V consumers in harsh industrial and mobile applications. That means, they ensure reliable protection against power failure, flicker or voltage drip. Depending on the model, a wide-range input is available.

Why should you choose an IFP series ups?

It is ideal for PC users or small business companies, as well as for small telecom applications. The iFP series is equipped with AVR to reduce the impact of unstable voltage on equipment. The intelligent UPS' functions can also provide power during outages, and the battery automatically charges when power is restored.

Which ups is best for Small Business Server room?

Moreover, the Hot-swap Batt. offers low MTTR and the efficiency is up to 97% for more energy saving. Economy tower UPS with easy-to-use interface and adjust battery number. It adapts flexibly to your project budget. Champ Rack series is the best option for small business server room.

What is the difference between epos and mplus series ups?

EPOS series is reliable 3 phase in/out standalone UPS with features like dual-input, MBS, EPO and it's compatible with long run time project. Mplus series is a modular design to decrease MTTR & increase the system reliability.

The Alpha Micro 100 is a reliable outdoor rated uninterruptible power supply (UPS) or backup power solution that supports loads up to 100W. The Micro 100, by Alpha, an EnerSys company, is protected by an outdoor rated (NEMA 3R) enclosure designed for ...

A Uninterruptible Power Supply (UPS) ensures that there is enough time for administrators to initiate a graceful shutdown of servers and databases, thus preventing the loss of valuable data. Databases & Transaction Systems: For ...

FP Series UPS provides stable and reliable power protection. It is ideal for PC users or small business companies, as well as for small telecom applications. The iFP series is equipped with AVR to reduce the impact of unstable voltage on ...
