Q:Which solar power system products is suitable for me?: A:Mars solar power system products can be used in homes, offices, villas, hospitals, churches, etc.Mars manufacture solar power system products, you can choose according to your own needs.if you do not know which model system is suitable for you, you can consult us.Our 10years experience sale ...

Step 5: Link the Inverter to the Grid. Connect the inverter to your home's main electrical panel (often called a breaker box) using a standard plug. The output wire from the inverter should also be connected to the electrical panel to supply solar power to your home. Step 6: Power On. Finally, turn on the main switch of your home.
