

Panama Colon 100W Solar Street Light

What is a solar street light 100W?

The All-In-One Solar Street Light 100W is a state-of-the-art lighting solution for streets, parking lots, and other outdoor areas. This product integrates the solar panel, battery, and LED lights into one compact and easy-to-install unit, making it a cost-effective and energy-efficient choice for outdoor lighting.

How long does a solar street light last?

This solar street light has a 100W solar panel that converts sunlight into electricity, which is stored in a high-capacity 40,000mAh lithium-ion battery. The battery can provide up to 12 hours of lighting on a single charge, and it has a lifespan of over 5 years.

How does a 100W LED street light work?

Our 100W all in one solar LED street light is switched by ambient light, turned on at dusk and turned off at dawn automatically. The light is also integrated with motion sensor detector. It will work after the light is turned on. The brightness of the whole light will be changed according to the detection of people or the time as below:

How does a solar street light work?
