

Panama Colon 220v outdoor power supply customization

Do I need a power adapter in Panama?

The standard voltage in Panama is 120V, and the frequency is 60Hz. Devices from countries with different voltage standards, like Europe (230V), may require a voltage converter in addition to a plug adapter. Do You Need a Power Adapter in Panama? Whether you'll need a power adapter depends on the type of plug your devices use.

What type of outlet do I need for Panama?

The outlet type you find in Panama will look and operate just like the outlet you're used to in the U.S. What kind of power adapter do I need for Panama? Since the sockets in Panama are the same as the ones in the United States, you won't need a US-to-Panama power adapter for your trip there.

What power outlets do they use in Panama?

See our product selection criteria and guidelines here. Which power outlets do they use in Panama? If you're traveling to Panama from the United States, you're in luck: the plug types in Panama are the same as North America's, type A and type B sockets, the ones with two flat parallel blades or, two blades and a grounding hole.

What is the outlet voltage in Panama?

The outlet voltage in Panama is the same as nearly all of North America: 110 v. For U.S. travelers, that means that a voltage converter is not needed for you to use your regular electronics.

What type of plugs are used in Panama?

If you're traveling to Panama from the United States, you're in luck: the plug types in Panama are the same as North America's, type A and type B sockets, the ones with two flat parallel blades or, two blades and a grounding hole. The electrical input/output of the sockets is also the same, with a voltage of 110V and a standard frequency of 60 Hz.

How much energy does Panama need?

Panama expects total energy demand to more than double between 2017 and 2030 (+113%), with peak demand growing from 1.6 GW to 3.5 GW. Panama is currently connected to Costa Rica via a 300 MW transmission line. A 400 MW high-voltage direct current (HVDC) interconnector with Colombia is expected to be commissioned by 2022.
