FILPET, Inc. is the leading manufacturer of bottles and containers that are made of polyethylene terephthalate (P.E.T.) materials using the latest and technologically-advanced equipment in injection-stretch-blow molding. Established in 1994, the company has been in the business of making high quality PET packaging containers at the least cost ...

How much can you save on photovoltaic panels in the Philippines. Installing a PV installation is undoubtedly a significant expense, but it pays off over time. Typically, the payback period for a photovoltaic investment is from 5 to a maximum of 8 years. It all depends on the system parameters and its efficiency in generating free energy.

High Cube Containers. High cube containers are 300mm or 1 ft higher than the standard GP containers but the extra head space of 1 ft makes it useful and spacious for large cargo. As per a standard GP container, high cube containers are secure, wind and water tight to prevent cargo and items from damage. More info

We engineer and supply affordable solar photovoltaic systems for residential and commercial roof building as well as ground mount configuration. **DOWNLOAD E-BROCHURE** VISIT Solar PV Systems 1 400W Key Features High efficiency module Plus power tolerance: 0~+3% Independently developed anti-reflective and self-cleaning glass surface ...

Cebu Solar Incorporated (CSI) is an emerging supplier of Renewable Energy Systems and Solar Technology Integration. CSI is under the Advance Solar Technology (AST), established in 2002 by Tommy Lee Tirey Jr., an American ...
