

What happened to Donkerhoek Pretoria fuel station assets?

In 2016 all fuel station assets were sold to allocate funds for the deployment of a diesel depot and storage facility in Donkerhoek Pretoria. Construction of the depot started in 2017 and the first phase is now complete and has been commissioned.

Is back-up power a solution to South Africa's energy crisis?

The current energy crisis in South Africa, coupled with the decreasing cost for energy storage systems, will see the market for back-up power as a replacement for diesel generation and solar PV hybrid increase.

Are battery storage solutions sold as a service?

Very few projects have been installed using a power purchase agreement model where the battery storage solutions are sold as a service. An office block with a very high energy demand and roof space for a 100kWp solar PV system is investigating options for energy independence.

How big is a solar PV storage market?

If a quarter of new build solar PV systems installed have a storage component coupled to it there could be a potential storage market of roughly 200MWh per annum which can be translated to roughly R2 billion market size in a year. Case studies that demonstrate the business case.

Will Li-ion energy storage be added in a solar PV hybrid case?

If Li-Ion energy storage is added in a solar PV Hybrid case, on our models the capital cost of the installation will be doubled but the system will show a return on investment after 8-12 years. The payback is depends on the size of the storage system.

Pretoria Storage Units Prices. Our storage units prices in Pretoria are below: 1 Unit. R940/month. 2 Units. R1880/month. 3 Units. R2580/month. The center you choose and the size of the self-storage unit will influence its price. ...

Current unaudited data from the Central Energy Fund (CEF) shows a mix of increases and decreases in fuel prices for January. Commenting on the data, the Automobile Association (AA) says the data indicates that while there is a slight increase for ULP93, diesel, and illuminating paraffin prices are expected to decrease.
