

Vientiane outdoor power supply OEM factory

Is Vietnam a good place to manufacture electronics?

Vietnam's domestic OEM electronics manufacturing base is booming and open to all buyers. While it's still not comparable to Shenzhen, electronics manufacturers in Vietnam offer an alternative to companies looking beyond China for their next manufacturing project.

What are the electronics manufacturers in Vietnam?

Most of the electronics manufacturers in Vietnam are Electronic Manufacturing Service (EMS) companies. These companies provide outsourced production facilities, labor, and procurement services for international customers, and some may also offer engineering and prototype development services.

How does Vietnam's electronics manufacturing compare to Shenzhen?

While it's still far away from being comparable to Shenzhen, electronics manufacturers in Vietnam offer an alternative to companies looking beyond China for their next manufacturing project. That said, its domestic OEM electronics manufacturing base - open to all buyers - is booming in the country.

What is the area of Trungnam EMS's factory plant?

The production facility of Trungnam EMS is a two-story factory plant located in Danang, with an area of more than 2,000 square meters. The company is specialized in PCB assembly, cable assembly, providing support from design to prototyping and mass production.
