

Wholesale photovoltaic folding container house in Monterrey Mexico

What are portable container homes?

Portable container homes, also known as prefab shipping container homes, house sheds, tiny foldable houses, or container houses. These innovative dwellings offer an array of advantages, making them an appealing alternative to traditional housing.

What is a folded solar container?

Folded Solar container is compact and easy to off-load and unload. By removing all outer structural parts we ensure total panels exposure (no shades). Solar panels lay flat on the ground. This position ensures maximum energy harvest. System ensures fast retraction time making it safe in all weather conditions.

What is a mobile photovoltaic system?

That is why we have developed a mobile photovoltaic system with the aim of achieving maximum use of solar energy while at the same time being compact in design, easy to transport and quick to set up. This system is realized through the unique combination of innovative and advanced container technology.

What is a solar container?

The Solar container is a photovoltaic power plant that was specially developed as a mobile power generator with collapsible PV modules as a mobile solar system, a grid-independent solution represents. Folded Solar container is compact and easy to off-load and unload. By removing all outer structural parts we ensure total panels exposure (no shades).

How many households can a solar Container Supply?

Based on an average power consumption of a 4-person household of 4000 kWh per year and a location in Southern Germany, the solar container can supply approx. 32 households with climate-friendly electricity. At a location in Southern Europe it can even be up to 50 households due to the high solar radiation.

Why should you choose a solar container?

the lack of important resources. Solar containers have a tailored system with a mobile structure and easy assembly solution which makes it superior over similar current solar solutions. The base of the Solar container is a solid floor frame with the length and width of a 20' HC container.

Fig.5: Top Solar PV Manufacturers; Solar Market Concentration 2021 (source: Mordor Intelligence) Future of Solar Energy Market in Mexico. Although the Mexican solar energy market showed significant growth in the past years, Mexico's president-Andrés Manuel López Obrador said that renewable energy is not his government's priority but rather fossil fuels, oil ...
